Star Alliance Air Ticket redemption

In order to find the minimum LifeMiles needed to redeem a ticket in Star Alliance carriers, please follow these steps:

1. Find the origin region of your trip in the first column, then identify the cabin class (Economy, Business or First).
2. Find the destination region of your trip in the first row.
3. Pinpoint the place where your origin and destination intersect to get the minimum amount of miles required for the trip (the mileages on the table are for one-way flights, you will need double the amount of miles for a round trip journey).
4. Below the chart you will find the list of countries for each of the region.

From/to	Cabin	North of Central America (includes El Salvador)	South of Central America	Hawaii	Rest of North America	United States 1	United States 2	United States 3	Mexico	Carribean	North of South America (includes Colombia)	South of South America	Brazil	Europe 1	Europe 2	Europe 3	Middle East / North Africa	South Africa	North Asia	Central Asia	South Asia	Others
